YOUR SUCCESS STARTS HERE.

Whether you're considering what to study or how to get involved in student life, an unparalleled array of choices awaits you. Over a long and proud history, we've pushed the limits of knowledge and innovation. What began in 1827 as a small college has evolved into a globally recognized research and teaching powerhouse, consistently ranking among the world's top universities. The University of Toronto has educated hundreds of thousands of outstanding individuals who have made profound impacts in every aspect of life.

We've also created a very special experience for students embarking on their studies. Our First Year Foundations: The *One* Programs for arts, science and business students offer dynamic, for-credit learning experiences in small-group environments that build community and foster critical skills and creativity. First-year seminar courses, with no more than 24 students each, allow you to get deeply engaged with your studies and your peers.

Learning communities bring together students who have similar groups of courses with a peer mentor. And there are many support services dedicated to your academic success. Possibilities at U of T are also limitless when it comes to research opportunities, professional experience, co-op and international learning.

Each of our three campuses offers a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or the downtown St. George campus, get ready to change your future and the world. You'll be a student at a university with global prestige – a great place to learn how to ask challenging questions, to think fearlessly and to go beyond the boundaries of conventional thought. In a world with more complexities and fewer borders, we need original thinkers to lead the next generation. Your University of Toronto degree will give you the skills you need to thrive.

- U of T is located in the heart of the Greater Toronto Area, known for its extraordinary variety of things to see and do and its multicultural diversity.
- The city continues to draw the best and the brightest, who come seeking world-class business, culture and education in one of the safest cities in North America.
- Whether it's inside or outside the classroom, U of T offers you a dynamic student life with more than a thousand organizations and boundless choices to explore – athletic teams, arts and culture, academic associations and community involvement.
- It's no surprise *Newsweek* named us one of the top three universities in the world outside the United States.
- The University of Toronto is committed to providing a safe space for all its members.
- Give us your enthusiasm, your dedication and four years of your time, and we'll give you the foundation you need to make your mark on the world.

Think Outside the Classroom.

At U of T, exceptional students become extraordinary people by seeking to develop their minds, bodies and spirits. Choose from more than 1,000 student organizations, athletic teams and academic associations – or create your own.

Bring us your interests. We'll make them your passions.

Boundless Opportunities for Learning Inside and Outside the Classroom

The more energy you invest in your U of T experience, the greater the rewards you'll reap. That's why we give you thousands of things to be passionate about. U of T's student clubs reflect the pluralism of our community and the full spectrum of passions shared among our students, covering such diverse interests as Argentine Tango and badminton (plus more than 1,000 other groups).

U of T's size and reputation also enable the University to bring hundreds of prominent speakers to campus. Over the years, Martin Luther King, Jr., Noam Chomsky, Jane Goodall, the Dalai Lama, Michael Ignatieff and Stephen Lewis, to name just a few, have captivated students.

Just like its home cities, the University of Toronto knows how to celebrate. Annual traditions include: Ecofest, which celebrates and promotes environmental activism at U of T through movie screenings, a clubs fair, bike workshops and lectures; the U of T Festival of Dance, Canada's largest university dance festival; and Winterfest, a tri-campus week of parties, films, concerts and more. Other favourites include Engineering's annual comedy show, Skule Nite, University College's annual Follies, U of T Scarborough's annual Cultural Mosaic, U of T Mississauga Pub Nights, and Victoria College's The Bob, a rowdy, often raunchy, satirical revue. First staged in 1874,

The Bob is Canada's longest-running sketch comedy show.

The University of Toronto has a long tradition of graduating civic and organizational leaders. Across all faculties, colleges and campuses, we offer numerous opportunities for students to develop and hone the knowledge and skills necessary to catalyze contributions of significance, including our Learning to Lead Program, Peer Facilitation Program, Community-Engaged Learning Courses and Centre for Community Partnerships. These formalized programs provide students with skills they can put into practice immediately through one of the thousands of opportunities offered by U of T's governance and student groups.

U of T Quick Facts:

- U of T offers more than 700 undergraduate programs.
- The University's library system is the third largest in North America.
- U of T offers second entry professional programs in Nursing, Dentistry, Pharmacy, Law and Medicine.
- The University offers more than 60 professional graduate programs and 76 combined programs.
- The University of Toronto offers over 280 master's and doctoral level graduate programs in a wide variety of fields.
- The University is a research powerhouse, attracting \$1.2 billion in research funding each year.
- The University is a leader in commercialization and the creation of new start-ups.
- Each year, U of T employs more than 3,000 students in Work-Study jobs.
- The University of Toronto's faculty produce more research and scholarships than almost any other institution worldwide; in North America, only Harvard University publishes more academic papers.
- The University of Toronto has more than 1,000 student clubs across all three campuses.

The University of Toronto continues to soar in global university rankings and is consistently ranked first in Canada.

“The most culturally mixed city on the continent truly is one of Earth’s closest approximations of urban paradise.”

– Will Wilkinson, political essayist

10,000

There are 10,000 theatrical performances in Toronto’s 90 theatres annually, making the city the third largest English language theatre destination in the world, after New York and London.

1,200

There are 1,200 stores and restaurants in the PATH, North America’s largest continuous underground network. With 30 km of walkway, PATH also connects 50 office towers, five subway stations, six major hotels and Union Station.

20,371

There are 20,371 intersections among the City of Toronto’s 10,033 streets.

T.O.

Toronto has almost as many nicknames as it does neighbourhoods, and each carries the story of an era: today’s nicknames are “The 6ix”, “T.O.” (tee-oh) and “T-dot”.

Greater Toronto Area Live Here

The City of Toronto's official motto is "Diversity Our Strength," which speaks both to the essence of the Greater Toronto Area and to its residents.

The Greater Toronto Area is the best of all worlds.

The city has, at its very core, exceptional diversity: nearly half of Toronto's 2.7 million residents were born outside Canada. Our city's living mosaic continues to draw the best and the brightest, who come here seeking world-class business, culture and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in the research centres throughout the city; in the museums and galleries, literary, music and film festivals that take place throughout the year; and in the numerous educational institutions, of which U of T is a leader.

Celebrations

The city knows how to throw a party. Annual traditions include: the Toronto International Film Festival, which brings hundreds of movies and parties to the city every September; Nuit Blanche, an all-night outdoor art exploration; Caribbean Carnival, one of the largest festivals of Caribbean music, dance and artisanship; North by Northeast (NXNE) Music Festival, a showcase of 1,000+ indie bands, and much more, over three nights; Toronto Jazz Festival, which infuses Nathan Phillips Square with cool jazz on warm nights; and one of the largest Pride Week celebrations in North America.

Transit

Each campus is well connected and accessible to the GTA by public transit. Toronto's transit system (TTC) is fast, clean and reliable. Subways, buses, streetcars and light rail provide frequent and comprehensive access across the region. U of T also offers direct shuttle bus service between U of T Mississauga and U of T St. George. U of T Mississauga students receive a MiWay (Mississauga Transit) travel pass valid for unlimited travel while enrolled in courses.

If you prefer self-propelled transportation, you'll love this city of cyclists, with its bike lanes and ubiquitous ring-on-a-stick 'parking' spots.

Mississauga

Just west of Toronto, Mississauga is Canada's sixth largest city. It mixes urban, suburban and natural living. Marvel at the engineering wonder of the Absolute Towers, 50- and 56-storey towers that torque 180 degrees. Stroll along the 13 km waterfront of Lake Ontario. Catch a pro athletic game at the Hershey Centre. Grab a performance or exhibition at the Living Arts Centre. Shop at Square One, Canada's second largest mall.

Annex

The St. George campus is nestled beside the Annex, a century-old neighbourhood known as much for its intellectual and cultural offerings as for its maple-lined, one-way streets and grand Victorian homes. It is also within walking distance of numerous international communities and Queen Street.

International Villages

All situated close to the St. George campus, you can buy fresh ginger at the Chinatown street market, listen to Fado in Little Portugal, or watch the World Cup at an espresso café in Little Italy. India, Korea and all other curves of the globe are represented, creating Toronto's mosaic that includes numerous communities united by a distinct culture, yet an integral part of the city's overall personality.

Queen Street

Toronto's cool factor is evident along Queen Street West and area. A short distance from the St. George campus, vintage clothing shops and vendors selling handmade jewelry coexist with stores offering the freshest styles from local indie designers. The wide sidewalks are bustling with patios in warm weather and a variety of live music can be found each night of the week ranging from rock to jazz.

Scarborough

Located in the eastern part of Toronto, Scarborough showcases some of the city's most popular and intriguing landmarks. The Scarborough Bluffs are 15 km of earthen cliff shoreline along Lake Ontario. Rouge Park is Canada's first urban national park and the largest urban park in North America. The Toronto Zoo is the world's third largest zoo, renowned for its education and conservation activities. Accessible by public transit, the area is Toronto's greenest, and is also one of the most diverse and multicultural neighbourhoods in the city; U.S. economist Tyler Cowen calls it the "best ethnic food suburb".

MAKE YOUR MARK!

First Year Foundations: The One Programs

If you're a first-year arts, science or business student, choose to take advantage of U of T's First Year Foundations: The One Programs learning opportunities. Through interactive group work, travel or community engagement, these programs will help you transition successfully to university life, as well as build critical thinking and writing skills, intellectual independence and creative imagination.

These dynamic small-group offerings allow you to network with peers, mentors and professors, and explore a broad range of compelling issues. Take some time to read more about U of T's first-year learning options to determine which is right for you.

uoft.me/foundations

The One Programs are run through Innis College, New College, St. Michael's College, Trinity College, University College, Victoria College, Woodsworth College, the Munk School of Global Affairs, U of T Scarborough and U of T Mississauga.

VIC ONE

Pursue the award-winning Vic One Program - the first *One* program launched in 2003. Intellectual curiosity is encouraged as students pursue interdisciplinary studies in one of eight Vic One streams focusing on the humanities, social sciences, education, business leadership, physical and mathematical sciences, creative arts and society, and the life sciences. Engage with stimulating guest speakers, experiential learning opportunities, peer mentors and your professors. Enjoy small discussion based seminars that help you develop strong critical thinking, research and writing skills providing you with a solid foundation for success.

Number of credits: 2 Vic One credits
+ 1 Co-requisite credit
uoft.me/vic-one

TRINITY ONE

Since 2005, the Margaret MacMillan Trinity One program has been a destination for students looking to challenge themselves in an intellectually engaging and supportive environment. We offer five streams: Public Policy; Ethics, Society, & Law; International Relations; the Anne Steacy Biomedical Health Stream; and the Anne Steacy Health Science and Society Stream. In addition to the two stream specific seminars, students attend monthly co-curricular talks with leading scholars, as well as other social and academic events designed to open up doors within the University.

Number of credits: 2 credits
uoft.me/trinity-one

INNIS ONE: The Creative City

Innis One encourages you to foster your creative and critical capacities by exploring the dynamism of the urban environment through the lens of the College's three academic programs: Cinema Studies, Urban Studies and Writing and Rhetoric. Through imaginative, inquiry-based and civic-minded learning, you will gain new insights on the interplay between film, writing and urban landscapes. Small seminars feature films, guest lecturers and special field trips.

Number of credits: 1 credit (via 2 half-credit courses)
uoft.me/innisONE

NEW ONE: Learning Without Borders

We live in a globalized world. What is your role and responsibility as citizens? New One courses tackle big issues of our everyday lives that connect us, locally and globally - Food, Language, Digital Technology and Community Art. In small classes and Learning Labs that include all students in the program, you'll explore and question these connections. You'll deepen your understanding of the topics and build your academic skills, drawing on your own experience and trying out creative ways of learning. Your professors and fellow students, guest speakers, and visits to community organizations will inspire you as you engage with social issues that concern us all.

Number of credits: 1 credit (via 2 half-credit courses)
uoft.me/newone

SMC ONE: The Gilson Seminar in Faith and Ideas

SMC One: The Gilson Seminar introduces students to university-level studies on a small scale, with peers who share an interest in faith, ideas, and international experience. The Seminar consists of two half-courses, each featuring lectures, small-group discussions, community events, and guest speakers. Students will explore the intersection of faith with today's most important questions, and will have a chance to propose and participate in innovative social justice projects.

Number of credits: 1 credit (via 2 half-credit courses)
uoft.me/gilson

UC ONE: Engaging Toronto

University College's UC One is an exciting set of small-enrolment interdisciplinary courses. Choose from one of four courses that engage different aspects of Toronto: the city's citizenry, the health of its urban fabric, its performing arts scene and the culture and politics of its sexual diversity.

Number of credits: 1 credit
uoft.me/uc-one

WOODSWORTH ONE

Are you seeking small classes, but a big community? Interactive, hands-on learning? Skills-building for academic success? Then Woodsworth One is for you!

The program offers two interdisciplinary streams. Order and Disorder focuses on crime, conflict, and law to consider the ways in which social, political, and economic orders arise and collapse. Popular Culture Today explores contemporary literature, film, and music, examining recent media trends and their effects on our lives. In both streams, students take two half-credit seminars that emphasize class discussion and small group activities, and participate in weekly co-curricular sessions featuring field trips, guest speakers, films, and workshops.

Number of credits: 1 credit (via 2 half-credit courses)
one.wdw.utoronto.ca

MUNK ONE: Global Innovation

Think big and innovate! Through case studies of complex global challenges, Munk One students work in small seminars to identify innovations that succeed, how successful innovations can be fostered, and why innovative solutions sometimes fail to address global problems. Beyond the classroom, you participate in cutting-edge research labs that are tackling real-world issues. Join the rich intellectual community of the Munk School of Global Affairs, and team up to design projects that help address pressing challenges in cyber security, health, development, sustainability and human rights among others.

Number of credits: 2 credits
uoft.me/munkone

utmONE

Enrich your first year at U of T Mississauga by applying for utmONE Scholars, or by enrolling in a utmONE course!

Whether you're in an intellectually stimulating seminar environment that is focused on fostering your research skills (utmONE Scholars), or are in an engaging small-class setting that intently centers on academic skill development (utmONE courses), you will experience interactive learning and make lasting, personalized faculty connections.

Number of credits: Offers 0.5 credit for each utmONE Scholars seminar or utmONE course; can be counted toward Distribution Requirements
uoft.me/utmONE

UTSC ONE

The first year experience at U of T Scarborough offers options for small seminars, fieldwork and engaging workshops to provide you with hands-on educational opportunities. You will have access to a multitude of resources to support your transition to university and your future success.

Number of credits: 0.5 credit for each academic course; other options not-for-credit
uoft.me/utscone

**SMALL CLASSES, BIG COMMUNITY.
HANDS-ON LEARNING.**

unique

Learning Opportunities

U of T offers exceptional range, choice and depth of study. Undergraduate students at U of T can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of these fields of study. Over 90 percent of our most accomplished researchers teach undergraduate classes. As a U of T student, you'll want to take advantage of the University's smaller learning environments. Much like the Toronto region, the University is a community of communities. Working with faculty and other students in close-knit learning groups, students can tailor their experiences to their interests and develop passions that will help them make their mark on the world.

“U of T encourages students to look at the world as a practical laboratory to apply new ideas and explore different avenues.”

– Jasmeet Sidhu, journalist, activist, recent alumna

Build Your Own Degree: Specialists, Majors and Minors

When building an Arts, Science, or Business degree, you'll have the opportunity to choose from Specialist, Major, and Minor program options. A Major consists of a concentration of courses in a specific subject area and usually makes up a third of a student's total courses (6 - 9 credits). Specialists are advanced concentrations, where more than half of the courses will be in one academic area (9 - 16 credits). Minors allow students to explore their general interest in a subject area (4 - 5 credits). Overall, in an undergraduate degree, students will take a minimum of 20 credits in a variety of subjects. Programs allow students to concentrate on one or more academic areas while also taking elective courses.

Research Opportunities Program

Ready to start making your mark? Beginning in second year, the Research Opportunity Program (ROP) gives you the opportunity to conduct research outside of the classroom, working on meaningful projects with some of the University's most renowned professors – for course credit!

Career Learning

Co-op: Fast-track your career with one of the 54 Co-op programs available only at U of T Scarborough. Alternate study terms with work terms, for a total of 8 or 12 months of full-time, paid employment. Whether you're a management student looking at international finance in a foreign context or an aspiring biologist exploring genomics at a teaching hospital, a tailored, unique experience can be found through the Co-op programs.

Professional Experience Year (PEY): Students at U of T Mississauga or in Engineering, Computer Science or selected programs in other divisions, can participate in paid internships. Spend 12 to 16 months working alongside leaders in your field—anywhere in the world. Engineering students can also choose a four-month Engineering Summer Internship program (eSIP).

Global Learning

Our students are in classrooms all over the world. The Centre for International Experience partners with more than 150 institutions in over 40 countries to offer a variety of global opportunities, and the Summer Abroad program offers more than 39 courses in 19 countries. U of T Scarborough Co-op students may participate in international work terms, field courses and more.

Service Learning

All three campuses offer you the opportunity to combine classroom learning in a credit-earning course with real-life experiences in the surrounding community to impact critical social issues. Examples include a French student improving her language ability by working with an immigration settlement agency or a Human Biology student sharing his passion for science with young people.

YOUR WORLD AWAITS

Discover

U of T's Three Campuses

The University of Toronto is committed to providing learning opportunities that match the diverse needs of students. Students at each of our three campuses benefit from distinctive learning environments, experiences and co-curricular opportunities, while earning the same prestigious U of T degree.

U of T St. George

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University's aspiration to continue graduating leaders who can and will make significant contributions to the world. U of T St. George's location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five direct-entry undergraduate faculties: Arts & Science (including seven colleges); Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, and Design as well as the professional faculties call U of T St. George their home. Students across each discipline have a role to play inside and outside the classroom.

U of T Mississauga

U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada's sixth largest city, U of T Mississauga is approximately 27 km from Toronto city centre and directly accessible by U of T shuttle bus and public transit. U of T Mississauga's unique educational programs include: Canada's premier Forensic Science degree program; a Department of Language Studies that delivers courses in 10 languages; two business degree options (BCom, BBA); and joint programs with Sheridan College in Art and Art History; Theatre and Drama; and Communication, Culture, Information and Technology. It is also home to one of the academies of U of T's Faculty of Medicine and the Institute for Management and Innovation. The University has strong ties with the City of Mississauga as well as its residents, which leads to learning experiences throughout the city that include opportunities in government, business and the arts.

U of T Scarborough

U of T Scarborough students get a head start on their futures through U of T's only co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within UTSC's close-knit community, students can create one-of-a-kind learning experiences. You'll find programs in management, arts and sciences, along with specialized programs such as Mental Health Studies and International Development Studies, as well as unique joint degrees, combined bachelor/masters degrees and double degrees. UTSC's dynamic and growing campus is surrounded by parklands and is at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects including the Toronto Pan Am Sports Centre (2014) and the Environmental Science & Chemistry Building (2015).

HOUSING GUARANTEE

Residence is guaranteed for all new full-time students entering their first year of a post-secondary program for the first time, provided that they have indicated their interest in residence by completing the university's common residence application (MyRes) by March 31, and have received and accepted an offer of admission by June 1.

ON- and OFF-CAMPUS HOUSING

Each of our three campuses has a student housing office where you can get information about living on- and off-campus. For more information, visit uoft.me/myplace.

Be a Part of **U of T** St. George

U of T St. George

St. George is the largest and most urban of U of T's three campuses. A thriving mix of century-old architecture and urban innovation, the St. George campus includes five direct-entry undergraduate faculties and seven Arts & Science colleges, as well as a wide range of professional and graduate programs. Each of the seven colleges has its own residences and study spaces, giving you the advantage of combining small school surroundings with the experience of attending a large university. Across the campus, you'll discover amazing spaces in which to work and play.

Community

U of T St. George provides an extensive range of student services, from career and academic supports, to counselling and health care, to student housing services and beyond. More than 800 recognized student organizations provide opportunities to get involved in the arts, politics, culture, spirituality, activism and athletics, giving you the chance to take your learning beyond the classroom. What's more, you're just steps from some of Toronto's most vibrant and eclectic neighbourhoods—so, while there are plenty of places to study and chill out on campus, it's easy to check out the city's arts, culture, sports and nightlife.

Resources

Life and learning on the St. George campus takes place at many diverse and innovative landmarks across campus. Experience the treasures in the 1970s larger-than-life Robarts Library or conduct some cyber-sleuthing at the Citizen Lab. Cultivate your dramatic talents at the Hart House Theatre. You will have access to some of the world's leading minds in art, political science, philosophy, engineering, science, drama and music. After all, ten Nobel Laureates have taught, or were students themselves, on this very campus.

Residences

UofT ST. GEORGE

Your home away from home might be in one of the seven colleges: Innis, New, St. Michael's, Trinity, University, Victoria and Woodsworth, or at Chestnut Residence. Each offers a variety of room styles.

Dormitory-style residences feature single and double rooms with communal dining areas. Shared apartment-style residences are primarily single rooms available as same-gender or co-ed with shared kitchen, living area and washrooms. The shared historic houses on campus feature single and double rooms.

Living on campus provides you with a live-in support network of Resident Assistants, or Dons, as well as close proximity to classes, study areas and the Athletic Centre. The U of T Housing Services office is the place to get information about on- and off-campus housing. For more information, visit uoft.me/livingoncampus.

John H. Daniels Faculty of

Architecture, Landscape, and Design.

PROGRAM CATEGORIES

Architectural Studies

Visual Studies

The undergraduate programs in Architecture and Visual Studies provide a broad, design and arts based lens through which to study humanities, and gain a deep foundation in all the disciplines related to architecture, urbanism and visual art. All students complete an Honours Bachelor of Arts (HBA) degree.

The Daniels Faculty is an internationally renowned design school located at 1 Spadina, the heart of U of T St. George in downtown Toronto. Studies at home and abroad provide a dynamic laboratory for creative design, research and education. At Daniels, you will have direct access to distinguished professors, a diverse and talented group of graduate students, and a wide array of courses and academic enrichments that one of the world's top-ranked universities, and one of its most cosmopolitan cities, has to offer.

Why Study Architecture

The Daniels Faculty prepares its graduates to imagine the future of our built environment, grounding them in innovative approaches to design. Our graduates pursue careers in a wide range of design and environmentally related fields, from architecture, city planning, sustainable building sciences, to film. Whether you eventually wish to enter the professions of Architecture or Landscape Architecture (both of which require graduate degrees at the Master's level), or plan on a career or graduate study in a related field, the Architectural Studies program will give you unparalleled and internationally recognized academic preparation.

Why Study Visual Studies

Our innovative Visual Studies program provides instruction in studio practice combined with critical discourse involving all aspects of contemporary visual culture, through lectures, seminars and field trips. The Daniels Faculty provides opportunities for students to explore studio classes that are offered in a variety of media. Courses are offered in most areas of contemporary art practice, including discipline specific and interdisciplinary studios. Visual Studies courses emphasize a strong commitment to the social, cultural and theoretical issues embodied in the current art community.

The John H. Daniels Faculty of Architecture, Landscape, and Design offers an Honours Bachelor of Arts (HBA) in two programs: Architectural Studies and Visual Studies. Students have the opportunity to specialize in one of six streams. For admission, both grades and a mandatory supplementary application are taken into consideration.

architecture, urbanism and visual art

“I was moved by what design and architecture can do to a person, how it can make you feel and stir your heart. Expect to find that you will be amazed and inspired by what you discover.”

- Student in Year 4

“There is a lot of thinking that goes outside of the physical and it really changes your perspective on not just architecture, but the way you see design, art and life.”

- Student in Year 2

Why Study Arts & Science

Experience the best of big and small with the Faculty of Arts & Science at the University of Toronto. Enjoy the broadest range of academic options in Canada, while also finding a small community experience through our unique college system. With the incredible flexibility and distinct learning opportunities available, the Faculty of Arts & Science offers you an outstanding undergraduate experience.

Choice and Flexibility

With over 300 programs and 4,000 courses to choose from, you can find countless ways to pursue your academic interests in a wide array of arts, science and business disciplines. Choice and flexibility are hallmarks of a Faculty of Arts & Science education. You can combine programs in vastly different academic areas to create a degree that is personalized to your interests. Interested in international relations and physics? Or computer science and Russian literature? How about human biology and actuarial science? Our flexibility gives you the freedom to mix and match your programs.

Distinct Learning Opportunities

The Faculty of Arts & Science is always striving to create innovative and exciting learning opportunities. These experiences begin right away in first year with small-group opportunities like First-Year Seminars, First-Year Learning Communities and First-Year Foundations: the *One* Programs. As you progress into upper years, you can travel internationally with our Summer Abroad courses and International Course Modules and gain exposure to research with the Research Opportunity Program and senior research courses. These opportunities complement and enhance your academic career.

>Start

When you apply to the Faculty of Arts & Science, you will choose one of the six broad program categories: Humanities, Social Sciences, Rotman Commerce, Life Sciences, Physical & Mathematical Sciences or Computer Science. At the end of first year, you will enroll in your specific program(s) of study. Even if you don't know your intended program, you have plenty of time to figure it out – usually by taking a mix of courses in first year that prepare you for a variety of programs. Offers of admission to the Faculty are typically made between February and late May. Complete admission information for the Faculty of Arts & Science is available at uoft.me/art-sci.

The St. George Campus Colleges

As a student in of the Faculty of Arts & Science on the St. George campus, you will become a member of a unique academic and social university community. Every Arts & Science student is a member of a college, a close-knit community within the umbrella of one of the nation's top universities.

Each of the seven colleges has its own culture, yet provides similar services including: academic counselling and support; financial counselling, scholarships and

bursaries; writing centres; orientation activities; accommodation; study spaces, reading rooms and computer facilities; social and cultural events; student government, newspapers and other resources.

Students in the Faculty of Arts & Science have access to all programs regardless of their college affiliation: your college membership does not restrict you in any way with regards to program enrollment. Your college membership will be an integral part of

your U of T experience. Your college is where you'll spend time between classes, where you'll meet some of your closest friends, and find your place in the wealth of groups and activities that make up college life.

Make an Impact: Study Engineering

There has never been a more exciting time to be an engineer. While science helps us understand our world, engineering applies that knowledge to design innovative solutions to global challenges. From finding sustainable sources of energy to regenerating skin cells for burn victims to reducing traffic gridlock, engineering is a dynamic profession that improves lives.

Engineering offers many rewarding career options. Graduates work in industry and government, start their own businesses or pursue further education in engineering, law, medicine and many other fields. Wherever you want to go, engineering can take you there.

Study Engineering at U of T

U of T's Faculty of Applied Science & Engineering is the top-ranked engineering school in Canada and one of the best in the world. At U of T, you will have unparalleled opportunities to innovate, create and collaborate across disciplines as you develop the technical, leadership and entrepreneurial competencies you will need to succeed in a competitive global environment. You can customize your degree through a wide range of academic options, enhance your learning through the Professional Experience Year paid internship program and pursue your passions through rich co-curricular activities. You will also join a vibrant and diverse engineering community that draws talented students from around the world.

Academic Options

U of T Engineering offers the most dynamic engineering education in Canada, taught by world-class educators and researchers. With nine direct-entry programs to choose from, as well as TrackOne, an undeclared first year in engineering, you will graduate with a superb foundation in engineering that is recognized globally. You will also have unique opportunities to tailor your learning through our cross-disciplinary minors and certificates ranging from engineering business to biomedical engineering, as well as minors offered by the Faculty of Arts & Science.

Community

Ours is one the most tightly knit communities on campus. As an engineering student, you will attend many of your classes with the same people, making it easy to develop new friendships. With almost 90 engineering clubs to choose from, opportunities to nurture your interests are limitless.

>Start

There are two distinct pathways that lead to your four-year Bachelor of Applied Science (BASc), which is the traditional degree offered by Canadian engineering programs and equivalent to a BEng.

1. Core Programs

Declared: If you know which area of engineering you want to study, you can apply directly to one of the following Core 8 programs: Chemical; Civil; Computer; Electrical; Industrial; Materials; Mechanical; and Mineral. Upon completion of your Core 8 program, you'll receive a BASc.

Undeclared: Known as TrackOne, this first-year program is designed for those who are interested in exploring all fields of engineering before declaring their area of interest. At the end of first year, you will select one of the Core 8 programs for the remainder of your degree.

2. Engineering Science

This direct-entry program is for students who are looking for an extra academic challenge. In the first half of your four-year program, you will build your foundation in math, science, computing, humanities and a breadth of engineering topics. For the last two years of your program, you will specialize in one of eight majors: Aerospace; Biomedical Systems; Electrical & Computer; Energy Systems; Engineering Mathematics, Statistics & Finance; Engineering Physics; Infrastructure; or Robotics. Students in Engineering Science graduate with a BASc in Engineering Science.

ILead

The Institute for Leadership Education in Engineering (ILead) offers unique courses, certificate programs and workshops that will help you develop the competencies you need to be an effective leader.

Professional Experience Year (PEY) Internship

Halfway through your engineering degree, you can opt to pause your studies to work full time for 12 to 16 months through a PEY internship. You'll have access to more than 1,500 positions worldwide, and can expect to earn an average salary of approximately \$50,000. After PEY, you'll return to school to complete your degree with unparalleled experience and an invaluable network.

The Entrepreneurship Hatchery

Through The Entrepreneurship Hatchery, you will have the support you need to turn your great ideas into prototypes and successful startups, like Peter Wen's company TeleHex (pictured).

Faculty of

MUSIC

PROGRAM CATEGORIES

Artist Diploma
 Composition
 Comprehensive - Classical or Jazz
 History and Theory
 Music Education - Classical or Jazz
 Performance - Classical or Jazz

Why Study Music

Music expresses the heart, the mind and the soul. Its ability to transcend language and culture makes it accessible to anyone, regardless of age, gender or ethnicity. Musicians and music educators have the power to inspire, inform and entertain, making music one of the most enriching art forms in the world. By studying music, you will gain both a theoretical and historical understanding of music fundamentals and develop transferable skills that are suited to a variety of careers, even those outside of music. These skills include performance, composition and writing, research, presentation, teamwork and leadership.

Study Music at U of T

At U of T's Faculty of Music, you will receive a thorough grounding in all aspects of music while specializing in one of the following degree options: Performance, Composition, Comprehensive, Music Education or History and Theory. Our outstanding faculty and location in one of North America's most active music scenes combine to help the Faculty of Music turn out a high percentage of graduates who go on to a successful career in music. The well-connected faculty, which includes both the who's who and rising stars of Canadian music, provide entry to the professional music world so that you will be ready to launch your career by the time you graduate.

The Faculty of Music turns out a high percentage of graduates who go on to a successful career in music.

>Start

If you live within 400 km (250 miles) of Toronto, you must audition in person. If not, you may submit a recorded audition but it is strongly advised to come for a live audition. Auditions are held in February and March. Please review uoft.me/MusicAdmReq for guidelines.

As part of the audition and interview process, you will be asked to play pieces you have prepared and answer questions that help us assess your musical knowledge as well as your musical interests. You may audition on any standard orchestral or band instrument, classical guitar, free bass, accordion, historical instrument, piano, organ or voice. Complete admission information is available at uoft.me/studyMusic.

As part of our concert season, which offers 600+ concerts and recitals annually, two fully-staged operas are presented in our 815-seat MacMillan Theatre.

The Music Library at the University of Toronto houses the largest music research collection in Canada and supports scholarship, composition, and performance at the Faculty, University, and beyond...

From African Drumming and Dancing to Japanese Taiko Drumming, we bring the diversity of the City of Toronto into the classroom through our world music ensembles.

uoft.me/kinesiology

Why Study Kinesiology & Physical Education

With the growing awareness of the role of physical activity in the optimization of health, and in the prevention and treatment of the leading causes of illness and disease, there is an increasing demand for professionals in the field of kinesiology and physical education. By studying kinesiology and physical education, you will gain a strong background in the behavioural, biophysical, and socio-cultural bases of physical activity and health, and the skills necessary to work in a variety of settings (for example: health care facilities, universities, research institutes, schools, sport organizations, recreation sites and government sport agencies).

Kinesiology & Physical Education at U of T

U of T's Faculty of Kinesiology & Physical Education offers a compelling range of courses that provide you with theoretical knowledge, as well as an extensive and unmatched experiential education curriculum, to develop hands-on skills. Students are able to study within a small supportive community and state-of-the-art facilities. The undergraduate program is accredited in Kinesiology and also in Physical Education Teacher Preparation. All courses are taught by accomplished scholars and scientists who bring their scholarship and research expertise into their classrooms and teaching labs.

>Start

All applicants to the Faculty of Kinesiology & Physical Education must submit an online Statement of Interest in addition to meeting the academic requirements. If you do not complete the Statement of Interest before the deadline, you will not qualify for admission. Complete admission information is available at uoft.me/kinesiology.

LEARNING THROUGH EXPERIENCE

U of T St. George Programs of Study

Faculty of Arts & Science Admission Requirements

All program areas require:

- Ontario Secondary School Diploma or equivalent. (Please see pp. 64-65 for admission requirements and course equivalents for Canadian secondary schools outside of Ontario.)
- Six Grade 12 U/M subjects or equivalent including prerequisites English and Calculus where specified

The admission selection process includes consideration of the admission average as well as marks in prerequisite subjects. The admission average is calculated with English plus the next best five courses, including Calculus for the following program areas: Computer Science; Life Sciences; Physical and Mathematical Sciences; and Rotman Commerce. Specific programs may have additional subject requirements, as indicated in the chart below. Admission consideration includes Grade 11 and Grade 12 achievement. Emphasis is placed on Grade 11 results where marks in six Grade 12 courses are not yet available. Admission is competitive and subject to space availability. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course. See artsci.utoronto.ca/futurestudents for details.

Direct Entry Professional Faculty Programs

Admission Requirements for Architectural Studies and Visual Studies; Engineering; Music; Kinesiology & Physical Education

All programs require:

- Ontario Secondary School Diploma or equivalent. (Please see pp. 64-65 for admission requirements and course equivalents for Canadian secondary schools outside of Ontario.)
- Six Grade 12 U/M subjects or equivalent including English and any prerequisites.

Prerequisite subjects will be included in the admission average. Admission consideration includes Grade 11 and Grade 12 achievement. (Emphasis is placed on Grade 11 results where marks in six Grade 12 courses are not yet available). Admission is competitive and subject to space availability. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt.

Note: Architectural Studies and Visual Studies applicants must complete the One Idea supplementary application form by February 1, 2018.

Engineering applicants must complete a supplementary Online Student Profile by February 1, 2018.

Kinesiology and Physical Education applicants must complete an online Statement of Interest form.

Music applicants must submit a supplementary online Music Questionnaire by January 10, 2018, and complete an audition/interview.

| PROGRAM | Subject Requirement in Addition to English | Approximate Grade Requirement* |
|---|--|--------------------------------|
| FACULTY OF APPLIED SCIENCE & ENGINEERING (BASc) uoft.me/ENG | | |
| Chemical Engineering | C, F, Ch, Ph | high 80s |
| Civil Engineering | | mid 80s |
| Computer Engineering | | high 80s |
| Electrical Engineering | | high 80s |
| Engineering Science (BASc in Engineering Science) | | low 90s |
| Industrial Engineering | | mid 80s |
| Materials Engineering | | mid 80s |
| Mechanical Engineering | | mid 80s |
| Mineral Engineering | | mid 80s |
| TrackOne, Undeclared Engineering | | high 80s |

*Note: Engineering applicants must complete a supplementary Online Student Profile by February 1, 2018.

| FACULTY OF MUSIC (MusBac, MusBacPerf) uoft.me/studyMusic | | |
|---|--|---------------------|
| Artist Diploma | | high 70s to low 80s |
| Composition | | |
| Comprehensive – Classical or Jazz | | |
| History and Theory | | |
| Music Education – Classical or Jazz | | |
| Performance – Classical or Jazz | | |

Note: Music applicants must submit a supplementary online Music Questionnaire by January 10, 2018, and complete an audition/interview.

| FACULTY OF KINESIOLOGY & PHYSICAL EDUCATION (BKIN) uoft.me/kinesiology | | |
|--|--|-----------------|
| Kinesiology & Physical Education | C/F; Bio/Ch/Ph; (rec. Introductory Kinesiology/Exercise Science) | mid to high 80s |

Note: Kinesiology and Physical Education applicants must complete an online Statement of Interest form. See uoft.me/kinesiology for details.

| JOHN H. DANIELS FACULTY OF ARCHITECTURE, LANDSCAPE, AND DESIGN (BA) uoft.me/daniels | | |
|---|--|-----------------|
| Architectural Studies | | mid to high 80s |
| Visual Studies | | |

Note: Architectural Studies and Visual Studies applicants must complete the One Idea supplementary application form (available online) by February 1, 2018.

The "Approximate Grade Requirement" provided for each program indicates the admission average for that program in the previous academic year. This mark range will vary each year, according to the number and quality of applicants. It is not a "cut-off point" or enrolment limit. It is a general guideline only.

of T

Be a Part of U of T Mississauga

U of T Mississauga

U of T Mississauga offers you the benefit of earning a prestigious U of T degree with the rewards of studying at a small, intimate campus. Here, you will find undergraduate and graduate programs in humanities, social sciences, sciences, business, forensic science, and fine arts that are taught by renowned experts in their fields. At U of T Mississauga, you are surrounded by 225 acres of protected green space, while the urban bustle of Toronto city centre is just 27 km away.

Community

Community is the essence of U of T Mississauga. It is a place where debate is encouraged and diversity is embraced. U of T Mississauga is known as a small and friendly campus where getting involved in student life is easy. Our Student Centre is home to more than 50 student groups and clubs. Here, you can participate in arts, science, social, political and cultural events, creative exhibits, film screenings and concerts.

Resources

Your U of T Mississauga experience takes place across award-winning facilities, including the Hazel McCallion Academic Learning Centre, an innovative and advanced library and information complex; the Recreation, Athletics and Wellness Centre (RAWC), a state-of-the-art fitness facility; the Erindale Studio Theatre; the Terrence Donnelly Health Sciences Complex; the Instructional Centre; the Innovation Complex; and Deerfield Hall. U of T Mississauga students have access to a number of student support services such as academic coaching through the Robert Gillespie Academic Skills Centre; medical services at the Health and Counselling Centre; career counselling at the Career Centre; special needs support through the AccessAbility Resource Centre; support for international students; and a range of transition programs for first-year students.

Be a Part of it: *Life at UTM*

- Undergraduate and graduate programs in humanities, social sciences, sciences, business, forensic science, and fine arts that are taught by renowned experts in their fields
- The autonomous campus paper, The Medium, began in 1969 as the Erindalian and was later known as Medium II to signify the second medium on campus after radio
- The first division at U of T to obtain its own coat of arms
- With a length spanning 1,500 kilometers, the Credit River runs through the campus on its way to Lake Ontario
- 225 acres of protected green space in a safe and picturesque neighbourhood
- Your U of T Mississauga experience takes place across award-winning facilities, including:
 - Hazel McCallion Academic Learning Centre
 - Recreation, Athletics and Wellness Centre (RAWC)
 - Erindale Studio Theatre
 - Terrence Donnelly Health Sciences Complex
 - Instructional Centre
 - Communication, Culture and Technology Building
 - Innovation Complex
 - Deerfield Hall
- Hands on, research focused teaching and learning
- Situated in Canada's 6th largest city
- The City of Mississauga is home to HP, Microsoft, PepsiCo, General Electric and Walmart Canada headquarters

*Some programs joint with Sheridan College

Select from 156 programs among 92 areas of study that are enriched by the opportunity to work in university and industry-based research labs, work placements, internships and mentorship programs.

Distinctive Options

U of T Mississauga is unique amongst Canadian universities in offering both undergraduate Bachelor of Business Administration and Bachelor of Commerce programs.

Combined Degree/Diploma/Certificate Options

If you are looking for a degree with more practical experience, U of T Mississauga offers joint programs with Sheridan College in CCIT (Communication, Culture, Information & Technology), Art and Art History, or Theatre and Drama. The benefits of these options are that you earn both a university degree from U of T Mississauga (where you take academic classes) and a college diploma or certificate from Sheridan.

Combined Honours Bachelor's/Master's degree programs are offered in environmental management, environmental science, psychology/child study & education, and exceptionalism in human learning/child study & education. Honours Bachelor of Arts/Master of Information programs are available in digital enterprise management, interactive digital media, and communication, culture, information & technology.

Experiential Learning

U of T Mississauga recognizes that students need both research and practical skills to be successful following graduation. The University offers a number of ways to gain these skills.

Academic Internships and Work Integrated Learning

The Experiential Education Office links students to unpaid Academic Internship, Work Integrated Learning, Practica and Community Engaged Service Learning opportunities in departments and programs such as Biology, CCIT, Economics, Education, Environment/Geography, Forensic Science, History, Language Studies, Management & Commerce, Psychology, Professional Writing & Communication, Sociology, Visual Studies, and Women & Gender Studies.

Research Opportunity Program (ROP)

The ROP fully utilizes the benefits of an undergraduate education within a research intensive university. Upper-year students have the opportunity to conduct research for course credit with some of the University's most renowned professors.

Professional Experience Year (PEY)

Students in select programs may take a professional experience year (PEY). This 12- to 16-month paid work placement allows you to work on large scale projects, reach professional milestones, network, develop lasting professional relationships and gain significant experience outside the classroom.

U of T Mississauga facilitates admission to undergraduate studies through a variety of pathways.

Visit utm.utoronto.ca/pathways for more information.

>Start

Deciding that U of T Mississauga is the campus for you is the first step towards admission. Complete admission requirements to all of U of T Mississauga programs are available at uoft.me/studyUTM. Offers of admission are typically made between February and late May.

U of T Mississauga Programs of Study

Admission Requirements

All program areas require:

- Ontario Secondary School Diploma or equivalent. (Please see pp. 64-65 for admission requirements and course equivalents for Canadian secondary schools outside of Ontario.)
- Six Grade 12 U/M subjects or equivalent including English and any other prerequisites.

The admission selection process includes consideration of the admission average as well as marks in prerequisite subjects. The admission average is calculated with English plus the next best five courses. Admission consideration includes Grade 11 and Grade 12 achievement. Emphasis is placed on Grade 11 results where marks in six Grade 12 courses are not yet available. Admission is competitive and subject to space availability. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course. See uoft.me/studyUTM for details.

U

Be a Part of UofT Scarborough

U of T Scarborough

Earn a prestigious U of T degree while benefitting from U of T Scarborough's cutting-edge research, outstanding faculty renowned in their fields, vibrant student life, and hands-on experiences to build quality resumés.

Three hundred acres of beautiful parkland coupled with easy access to Toronto's city centre serve as an inviting background for undergraduate studies in the arts, sciences, and management. U of T Scarborough is the only campus to offer Co-op programs which feature degree studies plus work experience in a wide range of fields and industries. Our intimate campus setting allows you to easily engage with your classmates and get to know your professors while earning a degree from Canada's premier university. The opportunities to get involved within this lively, close-knit community are boundless.

Community

Building relationships is made easy through the more than 200 student clubs and the wide variety of activities. You can get involved in academic, athletic, cultural and recreational groups. U of T Scarborough's artistic community is active and vibrant; budding artists or performers will find it both stimulating and inviting.

Resources

U of T Scarborough is committed to ensuring student success, which means you can benefit from numerous programs, services and workshops to ensure you reach your full potential.

As a student, you will have access to great facilities, including the new Environmental Science & Chemistry Building where research and teaching will focus on environmental issues such as climate change, groundwater pollution in urban settings, restoration of degraded environmental systems, and rising sea levels; and the Student Centre, which is home to the student union, a media room, multi-faith prayer rooms, a food court, a restaurant and pub, and the Department of Student Life.

The Toronto Pan Am Sports Centre was one of the major sites for the 2015 Pan American/Parapan American Games. This complex now offers UTSC students a vast array of recreational and personal fitness programming and innovative educational opportunities. With world-class training facilities, two Olympic sized pools, multi-level diving boards, a four court gymnasium, an indoor track, a rock climbing wall, an entire weight and cardio floor, and a centre for high performance sports, our students will be exposed to the very latest and greatest in technology, equipment and athletic theory.

Be a Part of it. ● *Life at* ● *UTSC*

- More than 80 artistic, cultural and scholarly events organized annually by Arts & Events
- More than 200 student clubs

UTSC is located in Scarborough which is also home to:

- 15 km of earthen cliff shoreline known as the Scarborough Bluffs
- Canada's first urban national park, Rouge Park
- World's third largest zoo, the Toronto Zoo
- The "best ethnic food suburb," according to Tyler Cowen

Co-op

Fast-track your career with one of the 54 Co-op programs available only at UTSC. Alternate study terms with 4-, 8- or 12-month terms of full-time paid employment. A tailored, unique experience can be found through the Co-op programs.

Service Learning

Combine classroom learning in a credit-bearing course with real-life experiences in the surrounding community to impact critical social issues.

Physical & Environmental Sciences

Psychological & Health Sciences

Social Sciences & Humanities

Visual & Performing Arts, Arts Management, and Media

At U of T Scarborough, you can select from 180+ program options and more than 1,100 course offerings spanning the arts, sciences and management. Combine programs in interesting ways to create a truly unique U of T degree.

Learning by Doing

U of T Scarborough offers a myriad of opportunities to put knowledge into practice, thereby reinforcing theories taught in class by their application within the real world. All students benefit from developing 'soft skills' such as communication training, with specific opportunities: Co-op programs, Service Learning and Outreach, visual and performing arts practical courses, field courses, internships, leadership development programs, volunteering, international development projects, mentorship and community outreach. U of T Scarborough is the campus for those students who learn best by doing.

Unique Degree Options

One of U of T Scarborough's academic strengths is the focus on combining credentials for maximum impact. Students can pursue their U of T degree with a diploma/certificate from Centennial College in journalism, paramedicine or new media studies. Combined degree programs allow students to combine a bachelors degree concurrently with masters studies. A brand new BBA/BSc double degree (pending approval) combines management with quantitative finance for a powerful new credential. These programs give students the theoretical foundation, critical thinking, analytical and technical skills needed for today's knowledge economy.

Co-op Program

U of T Scarborough is the only U of T campus that offers formal Co-op programs in the arts, sciences and management. Leaders in Co-op education for 40 years, U of T Scarborough's Co-op programs give you on-the-job learning within full-time, salaried work terms in industries, organizations and businesses relevant to your field of study. Co-op programs let you spend two to five semesters (dependent on program of study) in professional workplaces at a wide range of reputable employers. A U of T Scarborough Co-op education provides the skills, knowledge and expertise to secure rewarding positions with outstanding employers after graduation. It also serves as excellent preparation for graduate school and professional programs.

>Start

When you apply to U of T Scarborough, you will choose one of our broad admission categories. We'll begin making offers of admission starting in February and until late May. If you are not admitted into a specific program or are not yet sure what you want to study, you have plenty of time to figure it out! This is because we only ask you to confirm your specific program(s) of study at the end of your first year. This is possible by taking a mix of courses in your first year that prepare you for a variety of programs.

Complete admission requirements to all of UTSC programs are available at uoft.me/uoftscarborough.

U of T Scarborough Programs of Study

Admission Requirements

All program areas require:

- Ontario Secondary School Diploma or equivalent. (Please see pp. 64-65 for admission requirements and course equivalents for Canadian secondary schools outside of Ontario.)
- Six Grade 12 U/M subjects or equivalent including English and any other prerequisites.

The admission selection process includes consideration of the admission average, as well as marks in prerequisite subjects and supplementary information, if required. The admission average is calculated with English plus the next best five courses. Admission consideration includes Grade 11 and Grade 12 achievement. Emphasis is placed on Grade 11 results where marks in six Grade 12 courses are not yet available. Admission is competitive and subject to space availability. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course. See utsc.utoronto.ca/admissions for details.

The "Approximate Grade Requirement" provided for each program indicates the admission average for that program in the previous academic year. This mark range will vary each year, according to the number and quality of applicants. It is not a "cut-off point" or enrolment limit. It is a general guideline only.

TAKING YOU FURTHER

Beyond Undergraduate Studies.

U of T offers many professional and graduate programs that give you the option to explore studies beyond your undergraduate degree. While some programs require university preparation, others require a university degree. See faculty websites for specific admission information.

Art, Architecture, Landscape, and Design

The John H. Daniels Faculty of Architecture, Landscape, and Design (Daniels) focuses on interdisciplinary training and research to test the limits of 21st century design.

Length of Program: Varies
Phone Number: 416.946.3897
Information: uoft.me/daniels
A complete university degree required

Biomedical Communications

A Faculty of Medicine program, Biomedical Communications offers an interdisciplinary graduate program in the design and evaluation of visual media in medicine and science.

Length of Program: 2 Years
Phone Number: 905.569.4849
Information: uoft.me/biomedcomm
A complete university degree required

Dentistry

Consistently ranked among the top programs in Canada, U of T's Faculty of Dentistry is renowned for innovations in biological and clinical research, affiliations with leading health care centres and enriching student outreach programs.

Length of Program: 4 Years
Phone Number: 416.979.4901 ext. 4373
Information: www.dentistry.utoronto.ca
Some university education required

Education

The Ontario Institute for Studies in Education is an all-graduate institute. We offer programs in curriculum, teaching and learning; applied psychology and human development; leadership, higher and adult education; and social justice education.

Length of Program: Varies
Phone Number: 416.978.4300
Information: uoft.me/oisout
A complete university degree required

Forestry

The Faculty of Forestry offers an innovative, interdisciplinary course-based Master of Forest Conservation program, which is accredited by the Canadian Forestry Accreditation Board, and includes a three-month internship and opportunities for international study.

Length of Program: 16 months
Phone Number: 416.946.7952
Information: uoft.me/forestry
A complete university degree required

Information

The iSchool develops professionals, grounded in practice, policy and research, in the fields of information, knowledge management, digital communication and curation, libraries, archives and museums for the 21st century.

Length of Program: Varies
Phone Number: 416.978.7121
Information: uoft.me/iSchool
A complete university degree required

Law

The Faculty of Law has a long, illustrious history of educating the best lawyers and legal scholars in Canada. We welcome students from a diversity of personal and educational backgrounds, and life experiences.

Length of Program: 3 Years
Phone Number: 416.978.3716
Information: uoft.me/Law
Some university education required

Management

U of T's Rotman School fosters a new way to think that enables graduates to tackle today's global business and societal challenges. With faculty ranked 3rd in the world for research by the *Financial Times*, you will learn from the best at Canada's leading university.

Length of Program: Varies
Phone Number: 416.978.3499
Information: uoft.me/Rotman
A complete university degree required

Medical Radiation Sciences

Jointly offered by the Faculty of Medicine and The Michener Institute of Education at UHN, the Medical Radiation Sciences Program integrates proficiency in diagnostic and therapeutic patient care with advanced technology.

Length of Program: 3 Years
Phone Number: 416.978.7837
Information: uoft.me/medicalradiationsciences
Some university education required

Medicine

U of T's Faculty of Medicine and affiliated hospitals are among the leading health sciences centres for research and education in North America, with a global reputation for excellence and innovation.

Length of Program: 4 Years
Phone Number: 416.978.7928
Information: uoft.me/studymd
Some university education required

Nursing

The Lawrence S. Bloomberg Faculty of Nursing ranks among the premier nursing programs in the world in both education and research.

Length of Program: 2 Years
Phone Number: 416.978.2392
Information: uoft.me/bloombergnursing
Some university education required

Occupational Science & Occupational Therapy

A Faculty of Medicine program, Occupational Science and Therapy prepares students to become innovative occupational therapists, clinician scientists and educators.

Length of Program: 2 Years
Phone Number: 416.946.8571
Information: uoft.me/ot
A complete university degree required

Pharmacy

The Leslie Dan Faculty of Pharmacy offers an innovative PharmD program for students interested in becoming front-line healthcare practitioners. Through in-class, laboratory, and experiential learning, students learn to become medication therapy experts and productive members of the healthcare system.

Length of Program: 4 Years
Phone Number: 416.978.3967
Information: uoft.me/pharmacy
Some university education required

Physical Therapy

A program within the Faculty of Medicine, the Master of Science in Physical Therapy develops highly competent academic practitioners who demonstrate the essential competencies of a practicing physical therapist in a wide range of settings upon graduation.

Length of Program: 2 Years
Phone Number: 416.946.8641
Information: uoft.me/PT
A complete university degree required

Physician Assistant

The BScPA Program offers the flexibility to do much of your learning at home, with clinical experience across Ontario. PAs are one of the fastest growing healthcare professions in Canada.

Length of Program: 2 years
Phone Number: 416.978.1676
Information: PAconsortium.ca
Some university education required

Social Work

The Factor-Inwentash Faculty of Social Work focuses on the advanced education of social work professionals, with the aim of preparing them to deal with the ever-changing challenges of our society, locally, nationally and internationally. Our graduates are sought by leading social service agencies, education and healthcare institutions, governments and corporations across North America and around the globe.

Length of Program: Varies
Phone Number: 416.978.3257
Information: uoft.me/socialwork
A complete university degree required

Speech-Language Pathology

The Department of Speech-Language Pathology in the Faculty of Medicine prepares highly competent clinical professionals who find employment in a variety of settings related to assessment, intervention and/or study of communication, swallowing and hearing disorders.

Length of Program: 2 Years
Phone Number: 416.946.5456
Information: uoft.me/slp
A complete university degree required

Theology

U of T's affiliate the Toronto School of Theology provides graduate theological education in academic and professional programs for various forms of faith-based ministries, professional enrichment or further graduate research.

Length of Program: Varies
Phone Number: 416.978.4039
Information: tst.edu
A complete university degree required

School of Graduate Studies

U of T is where Canada goes for answers to its big questions – answers that are being provided by faculty and students of Canada's largest and most prestigious graduate school. With unparalleled research and education facilities as well as outstanding libraries, our world-class graduate students are studying and working with the most productive research faculty in Canada. Our graduate students' research is recognized internationally and published in leading journals; they also lead the nation in winning external research grants.

By pursuing graduate studies at U of T, you'll be learning first-hand from some of the world's top researchers, scholars, and professionals as they work to solve the most urgent questions of the 21st century. Under their guidance, you'll develop the skills and reputation you need to launch into a lifelong path of intellectual discovery and professional success.

Learn more about our over 280 **research and professional master's programs** and **doctoral programs** across more than 80 departments. Explore the potential for interdisciplinary research in more than 40 **collaborative programs**, or the possibility to combine two existing degree programs in different disciplines with our **76 combined degree programs** or pursue graduate-level academic study without enrolling in a degree program in one of our **diploma programs**.

Length of program: Varies

Information: uoft.me/gradstudies
A complete university degree required

FINANCES & APPLICATION

Whether you are an Ontario high school student or a student from another province, U of T welcomes applications from well-qualified students.

7,715
spaces in residence

\$6,590
tuition fee for the first year
in arts, science and business
programs

Last year, nearly 12,000
undergraduate students
received more than

\$41 million
in need-based grants.

Finances

The cost of a university education is a combination of both tuition fees and living expenses. Considering your financial options today can help you prepare your budget before you ever set foot on campus. Basic student tuition fees vary by program and faculty but it is helpful to have a general idea of the costs you can expect in your first year:

| | |
|---------------------------------|---|
| \$6,590 and up for tuition fees | \$1,375 and up for incidental fees |
| \$1,000 and up for books | \$5,540 to \$18,248 or more for residence |

Scholarships & Financial Aid

The University has comprehensive scholarship and financial aid programs that provide financial support and recognition for outstanding academic achievement at different levels of study. The University, its colleges and faculties, award over 4,400 admission scholarships and nearly 4,500 in-course scholarships each year.

The University's Policy on Student Financial Support states that no student admitted to a program at the University of Toronto will be unable to enroll or complete the program because they do not have sufficient funds. This commitment to students who are Canadian citizens, permanent residents or protected persons means that the University will supplement the funding provided by government sources. This financial assurance is called UTAPS (University of Toronto Advanced Planning for Students). More details can be found at uoft.me/faa.

Some U of T scholarships are awarded on the basis of financial need, academic merit or other special criteria. These awards may require additional information or documentation. If you wish to be considered for these and other awards, you should complete the online **Awards Profile by February 1st**. Current applicants for admission can access the Awards Profile on the JOIN U of T website.

Students who have previously attempted post-secondary study are not eligible for admission awards but may be considered for in-course scholarships after completing five full courses at U of T.

President's Scholars of Excellence

Approximately 75 of the most highly qualified students applying to first year of direct-entry, undergraduate studies will be distinguished as President's Scholars of Excellence. This distinction includes a \$10,000 entrance scholarship in first year; guaranteed access to part-time, meaningful, on-campus employment during second year; and guaranteed access to an international learning opportunity during a student's university studies. Outstanding domestic and international secondary school students are considered automatically for these scholarships.

University of Toronto National Scholarship Program

The National Scholarship rewards committed Canadian secondary school students who demonstrate superior academic performance, original and creative thought, and exceptional achievement in a broad context. They excel in academic pursuits, demonstrate enthusiasm for intellectual exploration and have a strong involvement in the lives of their schools and communities. Each year approximately ten students are named National Scholars (winners) and ten are named Arbor Scholars (runners-up). This scholarship requires a separate application, due in early November. Find out more and apply here: uoft.me/National-Scholarship

Lester B. Pearson International Scholarship

While the National Scholarship Program is for Canadian students, international students studying in Canada can be nominated for the Lester B. Pearson International Scholarship. Learn more at pearson.utoronto.ca.

Application Process

All prospective students apply to U of T through the Ontario Universities' Application Centre (OUAC). For details about application procedures and deadlines visit future.utoronto.ca/apply/applying.

Ontario Secondary School

If you are a current full-time Ontario secondary school student, your school will issue you a PIN giving you access to the OUAC "101" online application. Your school will submit your marks to us via the OUAC.

101 application deadlines:

January 17 Applied Science and Engineering; Architecture, Landscape, and Design; International Foundation Program; Music; Kinesiology and Physical Education; U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough

All Other Applications

Apply online using the "105" application. If you were previously registered or are currently registered at U of T, apply online using the "Internal" application. Visit future.utoronto.ca/apply/applying for details. **We strongly encourage you to apply by November 1, 2017.**

105 and Internal application deadlines:

January 10 Applied Science and Engineering; Architecture, Landscape, and Design; International Foundation Program; U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough

January 15 Nursing; Physician Assistant

January 17 Kinesiology and Physical Education; Music

February 1 Medical Radiation Sciences

Document Deadlines

Document deadlines vary by division. For a complete list of document deadlines, visit future.utoronto.ca. We encourage you to submit all required documents well in advance of the posted deadlines. Spaces in programs are filled on an ongoing basis and programs may close before the published document deadlines. Once we receive your application we will send you an email acknowledgement, including full information about the next steps in the application process.

Admission Requirements

Applicants who have attained a high level of academic achievement and who completely satisfy prerequisites will be considered for admission. The minimum requirements for admission consideration vary by program. You must present all the requirements, including prerequisite courses, to be considered. All of our programs have limited spaces and the admission selection process is competitive. Some programs require a supplementary application, check faculty and program admission information for details. See also: English Language Requirements.

For details regarding the admission requirements for each program, visit future.utoronto.ca and refer to the information that matches your academic background.

English Language Requirements

If English is not your first language, you may be required to present proof of your facility in English. You will find complete information about English language proficiency requirements, acceptable tests and scores at uoft.me/elr.

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet the English language facility requirement.

They are run on each campus and range in length from six weeks to eight months.

These programs include:

International Foundation Program – uoft.me/intlfp

Academic Culture and English Program (ACE@UTM) – uoft.me/utmace

Academic English (AE@UTSC) – uoft.me/UTSCae

Canadian Secondary School Qualifications & C

| | ADMISSION REQUIREMENTS Secondary School and Diploma must be recognized by the Provincial Ministry of Education. | ENGLISH |
|---------------------------------|---|--|
| Ontario | Secondary School Diploma with six subjects at the 4U/M level including English. The co-op component of Grade 12 courses will not be used for admission purposes. | ENG4U |
| International Baccalaureate | Complete Diploma including English. | English (HL or SL) |
| British Columbia & Yukon | High School Diploma with four Grade 12 approved academic subjects, including English. Refer to future.utoronto.ca/apply/requirements/canadian-high-school for a list of Grade 12 approved academic subjects. Provincial examinations are required for English 12 or English 12 First Peoples. | English 12 or English 12 First Peoples |
| Alberta & Northwest Territories | Alberta High School Diploma with five Grade 12 academic subjects numbered 30/31 including English Language Arts 30-1. | ELA 30-1 |
| Nunavut | Alberta or Nunavut Secondary School Diploma with five Grade 12 academic subjects numbered 30/31 including English 30-1. Inuktitut 12 and Aulajaaqtut 12 are acceptable. | ELA 30-1 |
| Saskatchewan | High School Diploma with five Grade 12 academic subjects numbered 30 including English Language Arts A30 + B30. | English A30 + English B30 |
| Manitoba | High School Diploma with five Grade 12 academic subjects including English 40S plus three additional 40S level subjects. The remaining credit must be 40S or 40G. | English 40S (Comprehensive/Literary/Transactional Focus) |
| Quebec Grade 12 | High School Diploma with six Grade 12 academic subjects including English. | English or English AP |
| Quebec CEGEP | 12 academic subjects including English/anglais (two terms). Students who have completed more than 12 academic subjects may receive transfer credit in arts, science, business/commerce programs. Those who have a complete DEC are likely to be admitted to second year unless entering Engineering. The Cote de Rendement (R Score) will be used for admission and scholarship purposes. | 2 semesters of English/anglais |
| Nova Scotia | High School Diploma with five Grade 12 academic subjects (university preparatory academic or advanced) including English. | English 12 |
| New Brunswick | High School Diploma with six Grade 12 academic subjects (college preparatory: 120, 121 or 122) including English. | English 120, 121 or 122 |
| Prince Edward Island | High School Diploma with five Grade 12 academic subjects (numbered 611 or 621) including English. | English 621 |
| Newfoundland and Labrador | High School Diploma with 10 academic credits at the 3000 level including English. | English 3201 |

Note: Advanced Placement Examinations and International Baccalaureate credits are also acceptable. Transfer credit information is available at future.utoronto.ca/transferecredit

and Discover First-hand the Boundless Opportunities at U of T.

Campus Tours

U of T guides are keen to show you both the obvious and the hidden sides of the University through any of the following campus tours. For all tours and events, if you require an accommodation due to a disability please contact the respective campus two (2) weeks prior to the tour or event you would like to attend. We will work with you to make appropriate arrangements.

U of T St. George

uoft.me/utsgtours

Telephone: 416.978.5000

General tours: Monday – Friday 11 am and 2 pm, Saturdays 11 am (holiday weekends excluded)

Separate residence tours are available throughout most of the school year. Please visit our website for more details about these options and to register.

Tours leave from the Nona Macdonald Visitors Centre, 25 King's College Circle.

Registration required

U of T Mississauga

uoft.me/utmtour

Telephone: 905.828.5400

Monday – Thursday 10 am and 2 pm; Friday 11 am

Residence-only tours are available throughout most of the school year. Non-English tours are often available; please contact us for details.

Tours leave from the Office of Student Recruitment & Admissions, Innovation Complex.

Register online

U of T Scarborough

uoft.me/utsctour

Telephone: 416.287.7529

Monday – Friday 11 am, and select Saturdays

Tours leave from the Admissions and Student Recruitment Office, Arts & Administration Building.

Register online

Fall Campus Days 2017

Fall Campus Days are prospective-student events held annually on all three U of T campuses. The open houses provide you with a once-a-year opportunity to meet professors, speak with current students, learn more about our colleges and academic programs and participate in organized events.

U of T St. George: Saturday, October 21

U of T Mississauga: Sunday, October 22

U of T Scarborough: Saturday, November 18
